KEOMA COUNCIL MEETING HELD AT IRRICANA

The Council of M. D. Keoma met in a meeting at Irricana in the office of the Secretary-Treasurer on April 24th, the following members being in attendance: Reeve Donkin and Councillors Messrs Walker, Ruemiller, Hall, Howell, and Peters.

It being Mr. Howell's first meeting, he was given the oath of office.

On motion the minutes of the last meeting were adopted with the correction to the day labor rates which were amended to read: single man, 30c per hour; single team, 20c per hour; 4 horses, 10c per hour.

On motion Mr. Ruemiller was appointed a committee to supervise the planting of the new trees and to make arrangements for leasing part of the park for pasture purposes.

On motion the following orders were entered from the C.P.R. farm at Brooks: 3,000 barrel tree willows at \$2 per 1,000; 3,000 poplars at \$5 per 1,000.

On motion the order for the West End Nursery was cancelled.

Mr. Henry of the Royal Bank, Irricana, introduced the Council, and a motion was passed authorizing the Reeve and Secretary as a committee to arrange for a transfer of our banking arrangements to the Royal Bank.

Dr. Olanauer, of Irricana, introduced the Council and a motion was passed that Grant Hill be removed to Irricana in addition to his regular M.H.O. appointment. This to be paid quarterly and to be made up as follows: Mr. Ruemiller's division, \$200.00; Mr. Howell's division, \$200.00; Mr. Peters' division, \$200.00. This arrangement to be effective from the 1st of May, 1927.

On motion division 6 M.H.O. was taken from the district of Mr. Ruemiller, Dr. Olanauer, and allocated to Dr. Olanauer.

The report of Dr. Moore as M.H.O. for the year ending March 31st, was read and accepted. His account for \$157.70 was ordered paid.

Correspondence was read from Messrs. Healey, Irvine, and others regarding a tractor for sale. On motion the secretary was requested to advise them that we already have a tractor suitable.

Communication was read from Dept. of Work and Seed Branch, relative to the seed donation on our western boundary bordering on M. D. No. 250. A motion was passed to have the seed inspectors appointed in divisions 2 and 3 and report any neglect of control direct to the Council.

On motion an account for \$2.00 was allowed on disbursement of a car of bridge timber at Balmora.

It was pointed out by Mr. Peters that he had engaged Mr. Heather to salvage the bridge washed out by flood from section 20-27-24, and that he would report the exact number and dimension of the timber to be used to the Engineer, Mr. Graham, of Dept. of Public Works, that the government may undertake rebuilding in this site.

Correspondence was read from the Dept. of Municipal Affairs, of the approval of Mr. Williams as auditor.

On motion the Council was requested to notify Mr. Cranford that the Council insist on the land in section 30, 15 and 16-25-24 be summer fallowed this year.

Application from Mr. Mitchell, surveyor was filed.

A letter was read from Mr. Ogilvie, West Commissioner, advising of a West Commissioner's convention at Olds. No delegates were appointed.

Communication was received of a joint meeting in Strathmore on May 18th next, of the six municipalities in the irrigation block, to discuss problems relative to the C.P.R. bridge. The whole Council was delegated to attend if possible.

Mr. Carey, of the Alberta Inlet Trust, was present and addressed the Council. No purchases were made for cultivators. Arrangements were made to carry on account of the grader made on a site at 7th and 11th December last, also the cost of purchase account.

Mr. McDonald, of the Adams Grader Co., addressed the Council, and in company with Mr. Ruemiller, inspected the grader to see what repairs were necessary for the coming season. Several parts were ordered as well as a set of springs for the new grader. In motion it was agreed that all purchase orders for repairs should be made through the office, and any divisional reports authorized should also be made through the office.

On motion Mr. Victor Johnson, of Strathmore, was appointed engineer for the 1927 season, to read the father's report, and to have full charge of the grader crew, as forman.

On motion Mr. W. Buchling was appointed head grader man, for the season 1927.

The wages were fixed at forman \$8.00 and grader man (handy) \$7.00, second grader man \$5.00. This included board, it was felt that arrangements would be made to let the crew find their own board, in which case advance would be made to cover.

On motion Bylaw No. 41 was passed for the third reading authorizing the Council to grant seed grain to Mr. Thos. Hill in the amount of \$15.00, under section 17c of the Municipal District Act. Correspondence was submitted from W. E. Moore for repairs to road along section 12-25-24. On motion it was agreed that no action would be taken at the present time.

Mr. Ruemiller presented tenders for the excavating of approximately 100 yards of earth by the bridge across between sections 1 and 6-25-24. On motion this was allowed to the low bidder, Mr. J. Lewis at 175c per yard.

On motion the Council agreed to spend the improvement grant of \$1,000.00, following order: from S.W. 1/4, 25-25-24, 8 miles; from S.W. 1/4, 6-25-24, 1 mile; from N.E. 1/4, 24-25-24, 1 mile.

On motion Mr. Donkin agreed to arrange to have Mr. Moore at the next meeting on May 2nd to discuss the contract with the Strathmore Standard and for another year.

On motion the account of Mike Schlegel for \$44.50 to the Holy Cross Hospital be allowed and charged to his land.

On motion Mr. H. Backs was ordered supplied with a set of brand books.

FRANK J. EWING,
Secretary-Treasurer

I SAW LAST WEEK

A number of AMATEUR GARDENERS viewing the seed catalogues with visions of what the season will produce. W. S. PATTERSON doing some first foot work to get to the golf grounds. AUCTIONEER LAYZELL, having a drink of pop after the Victory sale on Saturday afternoon. The old Bow Valley King of auctioneers is very partial to a touch of pop after a sale. BEN PLESNER getting a share at the Elbow meeting. WILFRED GARDNER enjoying waters. EARL GILLESPIE refusing to donate \$10 to the 7th band, read JOHNNIE SCHULTZ "studing reats talk that Mr. Plesner went out of his way a scene, and FREDERICK BENZ doing a few new steps that are not included in the Black Book. BILL WOODS LITTE admitting that he enjoyed his trip to Saskatchewan. "SHORTY" ATKINS was in town on Sunday, a visitor from Laramie, boasting that his son and heir is as fine as silk. FRANK MARSHALL KIMMION having a bonnie statement that he had started work at 7 A.M. instead of 8 o'clock. M. S. BERTLE by decorating the Theatre entrance. JIM WEIR being quoted the fact that he could not get away at Calgary one day more, as they were too busy in Galtby's Grocery Department to be allowed a

day off at this season. DON McLEAN proclaiming that his weekly visits to Strathmore will come to an end early in May. THE YOUNG LADIES going down to the C.P.R. station to give CLINT LEE a real welcome. LEONARD HILL, deciding that if he can't farm and manage a hall team, he can give up farming. E. P. FOSTER is isolated with various brands of socialists. PRINCIPAL CROWTHER, who is at present a student of socialistic conditions, wondering how GEO. QUINN can spare the time to study Domestic Economy in Calgary. MRS. DEWITT making plans for the new Room. THE NEWLYWEDS arriving home a day ahead of time and finding the welcome brigade. FRANK CRADDOCK meditating upon what he will do with his spare time in the evenings after he has finished milking his acre garden. BILL WILKINSON keeping his brother-in-law, J. Robinson busy building chicken pens, while to keep busy counting the chickens that are going to be hatched. T. M. WEARS still waiting in patience until the Court of Revision has been held, when he may be able to send out his financial help to the COUNCILOR QUINN trying to get the budget for 1927, and TID SCHULTZ trying to impress upon him the needs of the Fire Department.

Baseball Club Organised

The local baseball group has been organized, met in the Town Hall on Friday to organize the team for the ensuing season. Vice-president, Thos. E. Wright was in the chair in the absence of President Ben Fossenden, who was confined to the home recovering from the effects of too much "peasants" at the last meeting of the club. His condition was reported to be not considered serious.

The old war horse, Bill Saunders, the capable and energetic secretary, read the minutes of the last meeting and presented the financial statement, which was found satisfactory. He said that the club was in a very satisfactory financial position, having increased its assets by the season's work up with a balance of almost a hundred dollars.

A communication was read from the newly organized Carleton Place, in regard to games, and the matter was left in the hands of the manager to arrange.

It was decided to go ahead and arrange for a big double-header game for May 24th, to be followed by a big game in the Memorial Hall, when it is expected that the success of last 24th May celebration will be exceeded if possible.

Nominations were open for President, and the only name given was considered was that of Thos. E. Wright. Leonard Hill was again nominated for the position of manager, and notwithstanding his protestations that he had not the time to act, the meeting would not consider any other nominations, and finally Leonard surrendered unconditionally, and promised to do his best to assist the Strathmore baseball team.

The members elected were: President, Thos. E. Wright; Vice-president, A. A. Moore; Secretary-Treasurer, Wm. Saunders; Manager, Leonard Hill; Asst. Manager, Nels White.

Executive J. Swanson, Ben Fossenden, R. H. Anderson, A. G. Miller, A. J. Miller.

Fred Watts, of Namaka, has a dark horse Indian pitcher under cover that he has been acquiring for several weeks, who promises to make a record that would make Bender, the old Indian star, turn up with envy.

Doc Jacobs, of Nightingale, has symptoms of a relapsing fever, fever again, and may be found with the local team.

Tragic Death At Bassano

A very sad accident occurred on Friday afternoon, near Bassano, when Mr. Arthur Littlewood met his death by drowning. Mr. Littlewood and Mr. Cecil Lambert, both in the employ of the Canadian Pacific Railway, were engaged in repairs to a Company telephone line, which necessitated getting to a pole located in a slough. The boat they were using in about 100 feet of water. Mr. Littlewood managed to seize a guy wire, which Cecil climbed the pole, and after various attempts to right the boat, Mr. Littlewood instructed Cecil to go up help to the nearest farm house, which was about a mile away. Cecil managed to reach shore, although encumbered with heavy clothes, his rubber boots, and liemans's equipment, and to drive to the farm, where he delivered his message and collapsed, utterly exhausted by the terrific exertions he had undergone. A man from Mr. Gould's farm immediately went with a team to Littlewood's assistance, but the horses could not be induced to go near enough to be of assistance. The men then untied the pole and pole out, but could only get within about twenty feet, when Mr. Littlewood lost his grip of the guy wire and attempted to swim the intervening distance. When about ten feet from the horse he sank and did not resurface.

The body was recovered the following morning and Dr. Scott, the coroner at Bassano, pronounced death due to shock.

The funeral was held under Church of England auspices in Calgary on Tuesday afternoon to the soldier's plot in the Union Cemetery, as he had served overseas with the 12th C.M.R. Mr. Littlewood was thirty-three years of age, and leaves a wife and daughter, aged eight. He was born at Huddersfield, Yorkshire, England, and came to Manitoba at an early age, and was particularly raised with the Anderson family, and came with them to Strathmore, when they moved here, due to his unfeeling cheerfulness and courage he had endeared himself to all who knew him, and his loss is keenly felt by all.

GRASSWOLD MUNICIPALITY REGULAR MEETING

The regular meeting of the Council of the M. D. of Grasswold, was held on April 26th. The minutes of the previous meeting were read and accepted. Members present, C. A. Smith, C. A. Brown, Geo. L. Pederson, J. A. Campbell and R. W. Brunner. H. C. Barr being absent.

Geo. L. Pederson reported that Hans Jensen would not reconsider his resignation as poundkeeper for Standard District. It was then on motion decided that the resignation be accepted, and that Axel Larsen is hereby appointed poundkeeper for Standard District, pending to be located on L. S. 30-16 section 30-25-24.

C. R. Walton, Mayor of the Village of Rockyford, stated to the Council that he had been instructed by the citizens of Rockyford, to interview the M. D. of Blackfoot, relative to four miles of road allowance straight south of Rockyford, and pointed out to said Council that this four miles was the only road that was not graded between the Detmiller highway and Medicine Hat highway. Mr. Walton was pleased to report that he had received communication from the Blackfoot.

The Sec. was on motion instructed to notify the teachers of schools in the M. D. of Grasswold to the effect that the first day was still in force and the Council is prepared to pay \$2 for each pupil late, 5c for each row and margin, and to be given a paper record and destroy all evidence on or before the end, and that all schools or part of school be eligible to the benefit of this by-law.

The demand for Rosebud Valley school for immediate payment for \$100, was allowed, and the Sec. was instructed to make immediate payment for said amount.

The requisition for Boyton school for \$123.31 and \$100 for \$100 was read and allowed, and the Sec. is hereby instructed to pay taxes in accordance with said requisition.

The following resolution was on motion passed that the Council of the M. D. of Grasswold deem it advisable to make a road diversion in Section 5-25-21 running along the South side of track to the point where it intersects with the north and south road allowance.

"That We approve of the agreement with M. D. of Blackfoot, No. 218 as read, and authorize the Reeve and Secretary to sign the same in behalf of this municipality."

It was on motion decided that the secretary of the City Bridge day, from the Globe Sign Works at \$3.00 each, sign to be 2 x 2 1/2 feet, lettered according to by-law 2.

Correspondence was read from the Northern Trust Co., claiming a refund on taxes paid on the S. 1/4 21-27-21.

Mr. Cameron has been nominated with electoral work for the Council for over 30 years, and his appointment is a very honorable one.

foot District to the effect that if the Grasswold District would complete four miles of road on the five miles to connect district tributary to this road from the east, that Blackfoot M. D. would be prepared to grade the said four miles, and the Council of Mr. Walton that this fire guard road would be put in shape this coming summer.

By law 31, relative to business tax was introduced in open Council, and after two readings was laid over for final consideration at next meeting.

Communication was read from the City Hospital relative to J. A. McDonald's Hospital account. The secretary was on motion instructed to notify the City Hospital at Calgary to that said Mr. McDonald had not established his residence in the M. D. of Grasswold, therefore Grasswold was not liable.

The secretary is hereby instructed to sign agreement submitted and read with Knit Arr for training school in Lad in Advance on the S. E. corner of Lot 10-16-25-24.

The meeting then adjourned for lunch. Pursuant to adjournment the meeting was called to order at one o'clock.

The Sec. was on motion instructed to notify the teachers of schools in the M. D. of Grasswold to the effect that the first day was still in force and the Council is prepared to pay \$2 for each pupil late, 5c for each row and margin, and to be given a paper record and destroy all evidence on or before the end, and that all schools or part of school be eligible to the benefit of this by-law.

The demand for Rosebud Valley school for immediate payment for \$100, was allowed, and the Sec. is hereby instructed to pay taxes in accordance with said requisition.

The following resolution was on motion passed that the Council of the M. D. of Grasswold deem it advisable to make a road diversion in Section 5-25-21 running along the South side of track to the point where it intersects with the north and south road allowance.

Says New Era Has Dawned upon Us

James R. Shearer Tells Well Filled Auditorium That Civilization is a Very Sick Patient. Says "The War was Unfruitful. Notes Minor Indications of the Approaching Dawn. Lauds Opportunity for Personal Expression."

Arrowwood, April 14th—Appearing upon the platform of the Arrowwood Auditorium, shortly after nine o'clock last evening, James R. Shearer addressed a very attentive audience, for about an hour and three quarters.

Mr. Shearer noted the fact, by way of introduction, that should a number of men be asked how to make a better world, each one would answer differently. "Some of you," said the speaker, "may think the world all right, and that we do not need a higher state of civilization, but to my mind we are standing upon the threshold of a new world danger, and I think that there is knowledge required to prevent actual world destruction or at least retrogression." "The approaching of the end of the world is no new thing, for in all ages, men have prophesied the approaching of the end of the world. In the religion of the civilization of old Assyria, has been discovered a tablet, which is at least 5,000 years old, and upon which the inscription reads: "There are strange happenings in these latter days, and there are good reasons to believe that the end of the world is not far off."

QUOTES H. G. WELLS
"I suppose," said the speaker, "that H. G. Wells, who has considered one of the greatest historians of the present time, and that his words will bear some weight. He says, 'We have to the enormous in the civilization of the world and no one knows the way out.' We have now in the possession of man, for the first time, the tools with which he may destroy all of civilization."

Literature Degenerated
"Our literature," said the speaker, "is degenerating into a portrayal of life as seen along the Great White Way, with the gleam and the glimmer, wherein virtue manhood does not abound." "You may pick up your newspaper every day and read of the account of a student's suicide. When one has seen all there is in life before the age of twenty, what has he to live for? We are in the age in which every one tries to do things in a shorter time. We see advertisements in the newspapers that one may get a high school education in two years. You can't do it. I may seem drastic, but I am to diagnose the ailments of civilization correctly."

Civilization Deamed
"What is civilization?" asked the speaker. "We point to our washing machines, radios, airships, and 12 inch guns and say that we are civilized." The speaker then drew a sketch on the blackboard illustrating the onward march of civilization, as seen by one college professor. Civilization influences have divided into three main stages of development. In the first, which lasted for at least one hundred thousand years, man was in a state of savagery, in which animality held the field. In the second stage, which lasted for five thousand years or less, man was the child of nature, a barbarian, and finally we find ourselves at the beginning of the third stage which is the stage of spirituality (not in the narrow religious sense) but in the period, when man really comes into the rulership of the world, and when he may direct his own destiny—the period when man begins to

gain control of the mental elements of his life.

"The Lingering Brute
"Military and destructiveness have been the predominating characteristics up to the present time. One may say, 'that this is caused by a narrow group consciousness.'"

It is no wonder that certain elements of barbarism linger with us, for it is impossible to say where barbarian ends and civilization begins."

War Does Not Bring Good
Mr. Shearer referred to the expected period of bliss following the winning of the war, and to the fact that we were sorely disappointed.

"We have heard of the many improvements in our civilization before the war," commented the speaker, "but though man has advanced mechanically, his powers are still in the hands of his old enemies, such as greed, etc."

Labor Restless
The speaker then called attention to the settling unrest in the industrial world, and said that like a volcano it might break loose into an eruption at any moment. He then traced the age of mechanical development from the year 1760, when James Watt invented the steam engine until the present day, and showed that while the people naturally expected the golden age of bliss to follow the establishment of factories—through the class who became privileged to own the machines, the workers were exploited, and most of the wealth created flowed into the pockets of the parasite owners.

He said that the exploitation of the fellow man was as old as the beginning of civilization, and that the building of the pyramids, the Roman Wars, the Cathedrals which were built in the Middle Ages, and the utilizing of slave labor on plantations of the Southern States prior to 1845.

How Labor is Robbed
"Then," continued the speaker, "came the period in English history which makes every true Englishman to blush—the time when workers raided the factories, but with the reign of government and the ownership of machinery in the hands of the rich, they fall in the hands, and away went justice and safety."

Civilization Paradox
Yes, it came to pass that the very machinery which produced the wealth also caused those who operated them to become paupers, instead of wealthy workers."

Mr. Shearer then referred to the fact that through fear of revolution, the governments of the world had passed laws to protect the workers.

Socialism Misunderstood
"Now, I am about to make a statement, which please note carefully, I once used these same words, and it was published that I was a Socialist. I do not believe in Socialism as it is commonly understood."

Then the speaker read as follows: "Our economic system is not organized on a basis of human needs, but on a basis of profit. The law that pervades business, as deeply as the law of gravitation pervades Physics is the law of profit. Profit means success, ease, safety, social standing and power. No profit means failure, disgrace, hardship, stagnation and death. The indictment of our economic system is that it fosters, encourages, and even makes necessary the great collective inhumanities that shame our civilization."

Our economic life has certainly to be transformed along different lines if we are ever to emerge from the

condition of unrest and class animosity so evident today. We shall never emerge so long as MEN are subordinated to THINGS.

The salvation of our economic order will come only when it gives all the maximum of opportunity of a strong and normal life, which means that we will have to get rid of systematized antagonisms, inequalities, tyrannies and exploitation. When our economic system is organized in such a way that there is the maximum of opportunity for the development of individual personality, when a foundation is secured for Universal Brotherhood, when provision is made for the welfare of each person in the efficiency and goodwill of all, THEN will we emerge from the present chaos. THEN there will be no room for unearned incomes, unjust privileges, and a parasitic upper class that lives in idleness.

Our economic life must be transformed along entirely different lines if we are to emerge from the evil conditions which exist today."

Mr. Shearer then advocated our convincing the capitalist class to grant us greater privileges, and more equal distribution of wealth.

Mr. Shearer showed how the Roman Empire decayed as soon as the power and wealth became the property of a class, and showed how with their natural selfishness, the rest of the country became distrustful.

The speaker said that the rejection of the golden rule marked the end of the nation.

He spoke of the sagging of the moral standard, and of the fact that children would not look to their parents for advice.

Low Morals of the Press
He then referred to the lying and low standards of the newspapers of the world, and showed how they picture crimes and low moral life to the low influence upon our civilization, but he said that the dawn was appearing for already there was a movement on to suppress crime from the press, and said that the New York World was with other newspapers following the example of A BIG NEWSPAPER OWNED BY A RELIGIOUS BODY, the didn't mention the Christian Science Monitor by name, that is the one referred to, and that these leading papers are to suppress crime news.

War a Disgrace
He then said that the greatest disgrace to civilization is war, and that a step would be taken to outlaw it, when we cease to glorify it. He said that he had been through the Great War, and that most of what he saw was neither Cowardice nor Glory. He said that the patriot of the future would be the man in overalls.

Thus the address ended.
(How River News)

THE WHEAT POOL'S PACIFIC TERMINALS

Under the terms of a lease recently agreed upon between the Pool and the Vancouver Harbor board, No. 2 Terminal Elevator at Vancouver, owned by the Canadian Government, will pass to the control of the Alberta Wheat Pool August 1, 1927, for one year, at a yearly rental of \$10,000. The terminal has a capacity of 1,500,000 bushels and cost in excess of \$2,500,000. No. 1 terminal was leased to a private grain man at an annual rental of \$145,000 a year. It has a capacity of 2,100,000 bushels.

The securing of the lease on No. 2 terminal elevator provides the Pool with a total terminal capacity on the Pacific Coast of 2,700,000 bushels. The Board has not yet decided how of 1,250,000 bushels.

With 142 line elevators in Alberta and two big terminals at the Coast, the Alberta Wheat Pool will be in a better position to more advantageously handle its members grain.

C. M. Hall, General Manager of Alberta Pool Elevators Ltd., and W. J. Jackson and Lew Hutchinson, director of the Pool, are in Winnipeg this week negotiating with private elevator companies who offered for sale country elevators at certain points in the province, where the Pool wishes to serve its members with Pool elevators.

The Alberta Wheat Pool has an elevator reserve fund totalling \$1,371,360.63 and a commercial reserve fund of \$428,901.98. The total amount collected in reserves is \$1,795,862.41.

The elevator reserve is being expended in building or acquiring elevators. Locations for country elevators are selected on the basis of delivery of Pool wheat, covering a period of three years, and the acreage sited up in the district served by the shipping point. Naturally those places with a large acreage will get Pool elevators before localities with a small acreage.

On the books of the organization every member is credited with his share of the reserves. On the elevator reserve interest at the rate of 6 per cent. per annum is credited each month. Every member gets a statement yearly showing the amount to his credit in these reserve funds.

The question of how or when this money will be paid back is left entirely in the hands of the board of directors. The board has not yet decided how of when this will be done, but the probability is that it will be done on a revolving fund basis.

All members will be treated alike. A member will not get his share in the reserves any sooner by not signing a new contract. Nothing will be done to get his share any sooner by signing a new contract.

CANADIAN NATIONAL
EUROPEAN TOURS

A maximum of travel through particularly interesting countries at a minimum of expense is provided in the Canadian National Educational Tours this summer through Scotland, England, France, Belgium, Switzerland and Italy.

Two tours have been arranged and sailing will be made from Montreal, July 8, on the S.S. "Andania," direct to Glasgow, over the Viceroy line, and then on to itineraries involved. Tour No. 1 is a 21-day trip on the sea and land, visiting important cities in Scotland, England, France, Belgium, Switzerland. All expenses, \$375.00. Montreal to Great Britain and the Continent and return to Montreal.

Tour No. 2 is a 51-day trip on sea and land, visiting in Scotland, England, France, Belgium, Switzerland and Italy. All expenses, \$551.00. Montreal to Great Britain and the Continent and return to Montreal.

There will be low excursion fares to the seaboard from points in the Prairie Provinces.

These tours will be personally conducted from Western Canada, and while overseas will be under the direct care and supervision of thoroughly reliable and reliable organization, fully qualified in every particular to successfully look after the interests of our passengers.

The sight-seeing program is very complete and generous. Motor coaches and automobiles are freely used. All sight-seeing is well planned to save unnecessary fatigue and to see the worth while places within the time at our disposal. Competent lecturers will reveal to our passengers the outstanding features, literary, literary, artistic or scenic of the Old World countries visited.

M. M. Wilson, local agent for the Canadian National Railway, will be glad to discuss these tours and arrange all details.

ROCKYFORD

A few energetic Canadians held a meeting last Wednesday evening at the Bank Chambers, and decided to request Judge Chappell and other prominent members of the Canadian Club to visit Rockyford in the near future, and at that time to organize a Canadian Club for Rockyford and district. Messrs J. B. McGuire, R. Stone, and W. H. Acton were appointed a temporary committee to arrange for this meeting at an early date. More particulars next week.

Mrs. Dr. M. E. Tiffin, of Kimberley, B.C., formerly a resident of Rockyford is the house guest of Mr. and Mrs. J. Black, for a few days. Several afternoon teas have been held in honor and we have been pleased to renew old acquaintances.

Rev. Father Bolts held services at St. Peter's last Sunday, taking his place at the service here.

Word was received from Hanna that young Dick Brown is seriously ill with pneumonia. We hope to hear of his speedy recovery.

Mr. Geo. Peckly and Miss Bertha Coad, both of Rosebud, were married by the Rev. Father Bolts, at St. Peter's Church. Miss Coad has recently returned from New York, where she spent the winter with Mr. and Mrs. Angus McLaughlin. Mr. and Mrs. Peckly will make their home at the Peckly ranch near Rosebud.

Mrs. Joe Stein and two little daughters arrived home last Sunday from Iowa, where they have been visiting the winter.

Mr. L. L. Pictorius, formerly of Rockyford, was a business visitor here this week.

Miss Madeline McCannan, of Calgary, has been visiting her cousin, Louise McEldre during the Easter holidays.

Mrs. McBride and four children, formerly of Irricana, have been the guests of her sister, Mrs. Fred Gibson, for the past week. Mrs. McBride is on her way to Edinburg, where she expects to make her home.

Mrs. W. P. Riley entertained at a very pleasant birthday dinner party Easter Sunday, honoring Miss Deane and Irene Riley, who with their parents, Mr. and Mrs. L. W. Riley, were here from Calgary to spend their Easter holidays. A crowd of forty kiddies enjoyed the festivity.

The Misses Ropples, acting as hostesses, entertained the Ladies Aid at afternoon tea at the home of Mrs. Gibson last Thursday.

LOCAL SLING SHOTS

DREWY POOLE going through the first stages of golf proficiency. He's something awful. HERMAN STINN walked home during the storm Sunday night from night school. HURRY KATHEHAGEN had a welcome visitor last week. DAVE GARNER is a regular visitor to the C.N.R. station every Sunday evening. 1940 is a long way off. FLORAN BESSIE says to wonder other cars are equipped with so few lights when there are so many "ears" out. LEON FLOP KINS renewing acquaintances in town the past week. MRS. G. SANGSTER resumed the lucky number at the show last Saturday. ALEX SANGSTER advises us his car will be out of luck this week. FRID GIBSON was out of town for a few days last week. Fred says the roads are fine. DOC HEWSON appreciates night school. Ask him for particulars. ALL YOU CANADIANS! See McGuire, he has some good news for you.

Baby's Own Soap

ROSEBUD

(Too late for last issue)

The annual congregational meeting of Rosebud United Church was held, and there was a splendid attendance. The reports of the Board of Managers and Ladies Aid, Sunday School and C.G.L.T. girls were presented, and showed the church to be in good financial standing. Every department seems to be flourishing, and the congregation showed their appreciation of the work of the Board of Managers by re-electing them by acclamation. The Rev. Percy Haldane, B.A., B.D., was chairman of the meeting, and congratulated the different organizations on their splendid work, particularly the Ladies Aid, which has accomplished so much during the past year, having furnished the parsonage, helped to pay liberally towards the minister's salary, and also defrayed a portion of the church debt.

The recital "Polyanna," given by Kathleen Green in Rosebud United Church, proved a great success. Little Miss Green is such a thoroughly lovable little girl, and her interpretation of the various parts was splendid. In the part of "Humpty Bean," she seemed to enter into the spirit of the part in a way that left her audience with the impression that she was enjoying it even more than they were. We forecast a great future for this little girl who has, at the age of ten years, already accomplished so much, and Rosebud will look forward to another visit from Kathleen Green if it should ever be their good fortune to secure her for an evening.

Mr. and Mrs. Henry Clark and family spent Easter holidays at their farm in Rosebud district.

Mr. Brunner has returned after spending a week in Calgary.

Mrs. J. W. McCallum and family expect to leave shortly for London, Ontario, where they will join Mr. McCallum, who is now in business in St. Mary, Ontario, where they will make their home. Mr. McCallum is leaving all his household effects by private sale immediately.

Leslie Campbell drove down from Innisfail to spend Easter with his parents.

Mr. George Gow has left for Calgary, where he will undergo an operation for appendicitis.

Willis Gross and Keith Moore were home from Calgary High School for the holidays.

Services were held in both churches in Rosebud on Easter Sunday, and they were crowded to capacity. Rev. Percy Haldane, B.A., B.D., conducted the services in United Church, and the music was in keeping with the season. The young ladies of the church sang in a pretty little chorus. There were six new members taken into the church, i.e., Miss Opal Jones, Helen Stinson, Helen Crocker, Roy Clark, Ruby Clark, and Owe Muehlhager; these girls taking their first communion afterwards with the other members of the congregation.

A lively little bridge party was held at the home of Mrs. Harry Wilson on Wednesday evening, when the entertained the Ladies Bridge Club. Mrs. Jones and Mrs. Dunsmore carried off the prizes. A delicious luncheon was served by the hostess and the evening proved very successful.

On Thursday afternoon Mrs. C. H. Constock entertained the Ladies Aid of Rosebud Church, and nearly twenty ladies drove out to the Constock ranch where they had a very enjoyable afternoon. A sale of home cooking and aprons was arranged for Saturday afternoon, April 29th, to be held in the hall. The ladies finished up considerable business, after which they enjoyed the excellent lunch provided by Mrs. Constock. Miss Ethel Dunsmore and Miss Helen Sumner assisted the hostess in serving the guests.

A very successful dance was held at the C. K. school on Friday night last, although the roads out that way are not all that they might be, there was a good crowd, and everyone had a splendid time.

Prince Rupert Terminal

The Alberta Wheat Pool has loaded twenty-two shipments with wheat from the 1926 crop at Prince Rupert, and expects to bring the total up to twenty-four before the crop movement is ended this spring.

The Alberta Pool terminal at Rupert has already handled 5,188,000 bushels, and the total will reach 5,788,000 bushels within a few weeks. This is a larger total than was anticipated last fall.

The Prince Rupert house was built and is owned by the Canadian Government, has a capacity of 1,250,000 bushels, and is probably the fastest handling terminal on the coast. It is under lease to the Alberta Pool for a term of two years. Joseph Bennett is superintendent of this elevator.

Through the Pool's extensive operation, the ocean freight differential has disappeared, and grain is shipped to Europe from Prince Rupert at the same rate as from Vancouver. Of the twenty-four ships already loaded or committed, six carried grain to the Orient and eighteen to Europe. Previous to the Pool leasing the Rupert terminal, no wheat had been shipped from that port.

A Feat Unequalled in Golf

1 The Fifth Green—Note man in short skirt
2 The sixteenth green—Where the flagstick is
3 P. Tanaka, in action, playing one of his hole-in-one shots.

P. Tanaka, local Vancouver golfer, "went out for a round on the Canadian Pacific Railway 'Langara' golf course one fine day in February this year, and created a world's record when he holed his tee shot twice in one shot on the fifth and sixteenth green, a feat that has never been equalled in the history of golf, which shows the fifth and sixteenth greens are well indicated by the photograph, which shows the fifth and sixteenth greens as they appeared on that February afternoon when Mr. Tanaka astonished the world.

Standard Time Payments Anywhere in Canada

THE Ford National Payment Plan enables you to buy a car for the same cash and monthly payment anywhere in Canada.

A small down payment gives you delivery of any model you select. The balance is paid off in standard monthly payments which do not vary regardless of tax, licence, freight and delivery charges or the addition of approved Ford accessories.

This arrangement brings car ownership within the reach of all who really desire the convenience and pleasure that only a car can bring. It is sound business to buy your car from income rather than from savings.

The unusually attractive terms of this plan are at your command. Inquire within for further details.

HUGHES MOTORS

STRATHMORE, Alberta ROCKYFORD

HEARD ON THE STREET

A tourist who had stopped at Kelly's Shack noticed four holes in the door. Tourist—"Frank, I do not like to be too inquisitive, but what are the four holes in the door for?" Kelly—"Wal, yo' see, I has four cats."

Tourist—"But why wouldn't one good-sized hole do for all the cats?" Kelly—"Well, when I say 'Scat!' I mean 'Hell!'"

Calgary Author—"Have you read my new book?" Her friend—"Yes."

"What do you think of it?" "Well to be candid with you, I think the covers are too far apart."

"Why do you feed every tramp that comes along?" said the husband, peevishly. "They never do anything for you."

"No," responded his wife, "but it's some satisfaction to see a man eat a meal without finding fault with the cooking."

M. Kington was puzzled. "Hi!" he called to "Pinty" Gray. "Put your hand on one of those wires."

"Pinty" did as he was told. "Feel anything?" "No."

"Good!" said Marshall. "I wasn't sure which was which. Don't touch the other one or you'll drop dead."

Frank Miller—"So the teacher caught you using a bad word and punished you."

Frank Jr.—"Yes, and she asked me where I learned it."

Frank—"What did you tell her?" Frank Jr.—"I didn't want to give you away, pa, so I blamed it on the parrot."

Bill Tierney stopped in front of Galaxy Department Store to read a sign.

"Ladies' Ready to Wear Clothing," he read. "Shure," he mused, "It's about time."

Church notice in the Manchester (England) Guardian: "Service at 10.30 a.m.—Subject: 'The Three Great Failures' in Choir. Sermon. Pips Organ Offertory."

A paper calls attention to the following minor incident in exchange: "Mrs. Caroline Wayne, who has been the some guest of Mr. and Mrs. M. F. Alford for the past two months, has returned to her home in San Diego."

Bill Wilkinson, says—"Hens lay best when their houses are heated by electricity; cows give more milk when listening to jazz. The thing the farm needs is more night clubs. Then the hired men might stay."

A Calgary Official recently advertised in the papers for an experienced sales correspondent and the following is one of the replies received: "Gentleman!"

"An advert in the Alberian induces me to write you at once."

I see you would like to have a man for correspondence. I sure would be glad, if I can get this position. I like I am twenty-three years old and visited the high school. Since about fourteen months I live in this country and wish earnestly to get ahead. My Character is absolutely sincere.

If you wish to give me this position, I be very grateful and please you to answer me soon as possible. I like to hear to starting remunerative.

I remain, Yours very truly, Fred S. Jakinsky

Constable Tate—"Have you a license?" Gene Groux—"Why should I have when I'm not going to be married for some time yet."

Mrs. Hicks—"I don't take any stock in these faith cures brought about by laying on of hands."

Mrs. Wicks—"Well, I do! I cured my little boy of the cigarette habit that way."

A group of men were discussing evolution and the origin of man. Bill Tierney remained silent, when a companion turned to Bill and demanded his opinion. "I ain't goin' to say," he replied doggedly. "I remember as how Percy Parish an' me threshed that all out before an' it's settled as far's I'm concerned."

"But what conclusion did you arrive at?" "Well, we didn't arrive at no conclusion; Percy, he arrived at the hospital an' I guess I should have been at the police station."

H. A. Howard, Manager.

Jim Swanson was watching a construction gang working on a section of railroad where the mud was excessively deep. Joe Glines was sitting when suddenly he heard a workman shout:

"Queek, queek, bringa de pick, bringa da shov, Antonio stuck in da mud!" And Joe shouted back: "How far in?"

"Up to his knees."

"Well, then, let him walk out." Joe replied, disgustedly.

"Oh, but he can no walk. He wrong end up!"

Vincent—"When can I shave like lad does mummie?"

Mother—"Oh, not for a very long time yet, dear."

"But why not? I know most of the words already."

COOKERY COLUMN

Yes, ladies, here is a group of the old six seven variety of cooking, which everyone can make successfully if they will only follow the instructions.—Editor.

Apple Food Cake
Ingredients: Whites of eight eggs, 15 cups sugar.

1 teaspoon cream of tartar. 1 pinch salt.

Flour—two teaspoons vanilla. Method—add pinch salt to whites of eggs, add cream of tartar after the eggs are slightly beaten, and beat until the pan or platter may be inverted without the eggs falling out. Sift flour and sugar together six times.

Flour and sugar into eggs. Add vanilla. Place in pan with cream, and bake in moderate oven, forty-five minutes or one hour, until done.

Baked Beans
Soak one cup of uncooked navy beans, three or four hours. Season with meat and salt and cook for thirty minutes. Place in crock and add one cup of tomato catsup, 1 cup brown sugar, and cover tightly and bake in oven over night or until the beans are tender, and have a reddish color.

Cinnamon Pie
Ingredients: One cup sugar, 3 cup water, 1 this, butter, 2 this, cinnamon, 1 this, flour, 3 eggs.

Beat eggs, add rest of ingredients, cook in double boiler and place in previously baked crust.

Neeslerode Pudding
(Everybody likes this)
Ingredients: One cup sweet milk, One cup sugar, One pint whipped cream, One cup fruit.

One tin crushed pineapple or strawberries.

Three eggs. Three tablespoons flour.

Method—Mix sugar, flour and eggs together, and stir into the milk, having the latter at a scolding temperature.

Cook until thick, then allow to cool. Add whipped cream, nuts, and fruit. Place in pan and pack into ice over night, when it will be frozen whiter in winter or summer.

Grandfather's Cookies
Ingredients: Two cups sugar, One cup butter, One cup milk, One teaspoon soda, dissolved in milk, One teaspoon nutmeg.

Method—Mix ingredients thoroughly. Add sufficient flour to make a soft (but not sticky) dough. Roll thin, cut and bake in hot oven.

To Remove Rust from Stoves
(Preserve this)

Iron rust on stoves, which have not been in use for some months, can easily be removed by going over the parts with coarse sandpaper, afterwards covering the places with hot tallow or warm grease. The following day, wash with hot soda-water in which there is a liberal supply of kerosene. Fenders, grates and stoves can be cleaned in this manner.

GUM-DIPPING Builds Extra Miles

THE Firestone process of Gum-Dipping is one of the most important of the many Firestone contributions to more economical highway transportation.

By this process, every fiber of every cord is thoroughly saturated and insulated with rubber, minimizing friction and heat so destructive to tire life.

On the cars of hundreds of thousands of motorists, in the day-in and day-out service of the largest trucks, bus and mail-cab fleets, in the battle of tires on race tracks, Firestone Gum-Dipped Tires, because of their greater stamina, are delivering longer mileage with added safety and comfort.

The Firestone dealer in your locality sells and services these extra quality tires. Let him tell you of the trouble-free service that the Gum-Dipping process insures and how he can serve you better and save you money—see him to-day.

PEOPLE CIRCULATE PETITION REGARDING CALGARY HIGHWAY

So serious has the situation become in regard to the condition of the Calgary Highway, which the Provincial Government has repeatedly failed to recognize, notwithstanding the efforts that have been put forth by J. C. Buckley, M.L.A., that the ratepayers are becoming quite incensed, and petitions are being circulated with the purpose in view of endeavoring to get the attention of the department heads, that are responsible, that some action, and quick action at that, must be taken before someone has been seriously injured, or possibly worse, fatally killed.

In all fairness to the present Minister of Public Works, the Hon. O. L. Macpherson, who, no doubt, possibly is not very closely in touch with the situation, nor could he be expected to be considering the short time in which he has been the Minister in charge.

On the other hand, with an official residing in Strathmore, in the person of Engineer Jackson, there is not much excuse for the DEPARTMENT failing to be fully cognizant of the actual situation, and furthermore, the State, and has no doubt, but what they have been fully informed.

It is not possible that other reasons might be found why this cheese paring policy has been carried on throughout the building of this particular portion of the Calgary Highway.

The Standard does not desire to make any trouble of any kind, and the only object in view is to assist in getting the road in such a condition that the people may have the benefit of the large amount of money already spent, and that will be necessary to complete the way.

The use of the whole highway is seriously handicapped through the condition of a small section. The Standard has been informed that the Dominion Government are paying 70% of the cost, and if this is so, surely it should not be an insupportable position for the Province, and the town to set together and amicably arrange for the betterment upon an equitable basis.

Mr. Buckley, is it not possible for you to exercise your good offices in the interest of your constituents, and for the interested parties to consult together and try to reach an agreement to remedy the condition. Let's go!

STRATHMORE SCHOOL BOARD LOSING EXCELLENT OFFICIAL

The resignation of Mr. J. W. Cope has been accepted by the Strathmore School Board, and his successor, Mr. Hector McGregor, has been appointed. The citizens of Strathmore regret exceedingly that Mr. Cope has decided to remove to High River.

Mr. Cope was a most capable official, painstaking and thorough in his work, active in his general community disposition, which made it a pleasure to do business with him.

The Standard joins with the people in wishing Mr. Cope health and success in his new home, where no doubt he soon will be recognised as a very valuable citizen.

The United Church loses an active and consistent member, whose place will be hard to fill.

EMPIRE DAY HELPS MAKE GOOD CITIZENS

The committees engaged in arranging the Empire Day Celebrations are all most enthusiastic, and are quite certain that this year that the celebration that is being arranged will prove to be the best yet.

The lessons that will be exemplified that day will bring good results in the proper impressions that will be made upon the young Canadian whether they may be native born

born in the British Isles or under foreign flags. The American people have been past masters in developing a spirit of enthusiasm for their country, and a vast amount of that work was begun in their schools. Some may not agree that their system is the best, but all will admit that the average American boy or girl is intensely enthusiastic about his native land, and exceedingly free in expressing his views.

The Canadian children have but to do just what the British Empire has done, and is doing, to be quite satisfied that they will be well repaid in the way of their country, and quick action at that, must be taken before someone has been seriously injured, or possibly worse, fatally killed.

STRATHMORE SCHOOL MUCH INTEREST

The Strathmore School Fair, which was recently organized for 1927, under President Ted Schulte, and that very capable secretary, S. H. Crowther, is well underway for the season's work.

The prize lists have been printed, and are available; over \$500 in prize money will be distributed.

The growth of school funds throughout the whole of Canada has been most encouraging to those who have associated themselves in this very interesting work.

In President Schulte, the society have a real enthusiast in everything that makes for the beautifying of the home, through the horticultural avenue, hence is one in office who practices what he preaches in this particular direction to no small degree.

One only has to visit the vicinity of his new home, and return full of enthusiasm in regard to the possibilities even from one short season's work.

WATCH HIM GROW, and with him the Strathmore School Fair, now recognized as one of the best of the school fairs in Western Canada.

In the language of the sport of kings—they are off and away to a good start.

REST ROOM ADVANCES ANOTHER IMPORTANT STEP

The Town Council, at the meeting last week, gave the consideration to the request of the Women's Institute for the purchase of a lot on second street at a nominal price, upon which they propose to erect a building to be used primarily for a Rest Room for the use of the women and children of Strathmore and the Bow Valley.

In order to increase the revenue to take care of the larger overhead expenses, they propose allowing a certain portion to be used for offices.

The members of the Council viewed the matter as a community proposition.

Spread it on bread for the children

LENSON'S GOLDEN SYRUP

THE CANADA STARCH CO. LIMITED MONTREAL 344

one or more, which they recognize and refer to them with an exulting pride—there's very much to be gained though the ratpayer may only be occupying a property as a tenant, the reward is mainly their own, even though they might waste the premises, in a very short time.

B. C. LUMBER EXPORTS REACHES 700 BILLION FEET

VANCOUVER—British Columbia is steadily extending the overseas markets for its forest products, and last year showed the most notable advance in a long period. Never before has the province's lumber exports even approached the 1926 figure.

The total shipments for the year were roughly 715,000,000 feet, as compared with 577,000,000 feet in 1925, and 388,600,000 feet five years ago.

U.S.A. is Heaviest Buyer

The United States continues to be the heaviest buyer of lumber from British Columbia, notwithstanding the cuts, especially in the northwest. British Columbia sold more than half its lumber exports to the United States, approximately 360,000,000 feet to be more specific. Japan was a poor second, with 117,000,000 feet as its year's purchases, but those two countries are away out in front of the rest of the field.

Japan kept in front as a customer of British Columbia's lumber industry shortly after the war, and for a few years Japan's buying was on an even greater scale than that of the United States. In 1921, for instance, Japan bought 52 billion feet in this market, as compared with 25 billion bought by the United States—more than twice as much. But in the following year the United States went head and it has maintained its supremacy ever since, with Japan holding second place.

Use Canal in Big Way

The United States made itself felt for the first time as a dominant factor in the export trade in 1925, when its purchases from Canada rose to 248 billion, most of the shipments going by way of the Panama Canal to the Atlantic seaboard. This route has been developed extensively ever since, and it is probable that during the present year 500 billion feet of lumber will go from the mills of this province to the consuming centres of the Eastern States by way of the water route.

LANGDON

The I.O.O.F. Anniversary Service
 was held in the United Church on
 Sunday, Rev. George Driver, of Cal-
 gary, conducted the service, assisted
 by the pastor, Rev. A. D. McDonald.

Mrs. Laundry, of Stowell, is the
 guest of her daughter, Mrs. Braden.

A road making demonstration will
 be put on by Sheppard Municipality on
 Wednesday, May 4th. Two miles of
 road will be built. Particulars can be
 obtained from any of the councillors.

Mrs. Wm. Barron and children were
 in Red River, Brooks and Medicine Hat,
 during the vacation.

Mr. R. G. Thomas and Jimmy returned
 on Sunday from Edmonton on five
 days. Mr. C. W. Brown is home after living
 in Calgary for the winter.

F. Stollie is making extensive re-
 pairs to his residence.

NEW WHEAT POOL CONTRACTS
 The Alberta Wheat Pool has not is-
 sued any new contracts. A report that
 these new contracts had been
 issued is erroneous. Members of the
 Wheat Pool will receive them in due
 course, but in the meantime are ad-
 vised not to pay any attention to ru-
 mours regarding the matter. The new
 contracts will be for a period of five
 years from the date of the expiration
 of the present contract. Present Pool
 members will not be charged any fees
 for signing the new contracts if signed
 before August 1929.

**Municipal District of Grasswood
 No. 248**
NOTICE OF SALE

Notice is hereby given under Section
 48 of The Domestic Animals Act
 (Municipalities) that One Bay Gelding,
 white star in forehead, right front foot
 white, weight about 500 lbs, branded
 F.K. on left shoulder, was impounded
 in the pound kept by A. E. Vigar,
 located on the S. W. 1/4, 15-27-21, on
 Saturday, the 2nd day of April, A.D.
 1927, and that said animal was sold
 on the 12th day of April, 1927, to
 H. Gladstone, of Rosebud, and that
 said animal may be redeemed by the
 owner or by his behalf within a period
 of thirty days from the publication of
 this notice in The Alberta Gazette,
 upon payment of all fees and costs due
 to the municipality and the purchaser
 of said animal.
 For information apply to the under-
 signed,
 E. W. FIST,
 Secretary-Treasurer
 Rockyford, Alberta.

**UNCLAIMED MILITARY
 DECORATIONS**
 — — —
 Information has been received that
 there are a stock at National Defence
 Headquarters, Ottawa, 1,915 unclaimed
 1914-15 Stars, 67,636 British War
 Medals and 40,396 Victoria Medals, to-
 gether with a number of Distinguished
 Conduct Medals, Military Medals,
 Medals of the Order of the British
 Empire, Meritorious Service Medals
 and French Medals.
 The authorities desire to dispose of
 these medals, etc., as quickly as possi-
 ble, and ex-soldiers who have served
 overseas and have not yet received
 their medals or decorations, are re-
 quested to make immediate applica-
 tion to the Department of National
 Defence (Director of Records) Ot-
 tawa, giving Residential Number,
 Rank, name and C.E.P. Unit and re-
 cent Post Office address, when the
 medal or decoration will be forwarded.

WHEAT POOL NOTES
 — — —
 Alberta Wheat Pool Directors have
 decided that the 6% interest accumu-
 lating on Elevator Receipts Accounts
 should be paid out to the members in
 all cases where it amounts to \$1.00
 or over.

Payment of this interest from Aug-
 ust 31st, 1925, to August 31st, 1926, on
 deductions made from the 1924 crop,
 will therefore, be made about the end
 of May, and meet a total distribution
 of approximately \$20,000.
 Amounts under \$1.00 will simply be
 added to the members' accounts and
 carried forward to the following year.
